Name Joshvika Ravoori

experimat can i catch watr from the air for my desert Plants

what is my Science question ?

I like plants and I want to catch water from the air

what is my plan?

I made 3 dew traps

I used cup small rocks traps. a Syringe to count water. I placed them outside every night for five nights.

What I found On each Dew trap

day	Small (ml)	medium (ml)	large (ml)
1	0.7	1.2	2
2	0.6	0.6	1.8
3	0.9	0.9	2.5
4	0.4	0.4	1.7
2	0.8	0.8	2.0

I found that large trap collected more water
